Regional Hand Center of Central California has an outstanding full-time opportunity for an experienced Physician Assistant to join our well-established surgery and clinical practice in Central California. Our beautiful state-of-the-art facility includes a fully accredited Ambulatory Surgery Center and a spacious clinic area allowing for great efficiency. The selected candidate will have the opportunity to develop and refine skills caring for hand and upper extremity injuries, while working alongside our three talented and experienced hand surgeons.

Well-qualified individuals are compensated with a competitive salary and benefits package.

Fresno is the home to California State University of Fresno and is within an hour driving distance to Sequoia and Yosemite National Parks, and within two hours driving distance to our scenic central coast and San Francisco. Our beautiful area offers opportunities for hiking, boating, golf, and is a great place for cycling. The area also offers terrific college athletics and cultural activities nearby. Fresno is home to nationally recognized school districts and is very family oriented. It's a great place to live and work!

Basic qualifications:
Graduate of an accredited program
Current license for the State of California
Valid DEA license
Excellent communication, computer, and interpersonal skills to interact with a diverse profession and patient population

Please submit your CV to criley@regionalhand.com for immediate consideration.
