

Interdisciplinary Graduate Program in Molecular Medicine

Fall 2018 Workshop & Seminar Series

“The Role of tfap2 paralogs in the Neural Crest Gene Regulatory Network”

“Transactivation and nuclear localization of SYS-1/ β -catenin, a regulator of Wnt target gene expression and asymmetric cell division”

Tuesday, August 28, 2018/11:30 a.m./1459 PBDB

Individuals with disabilities are encouraged to attend all University of Iowa-sponsored events. If you are a person with a disability who requires an accommodation in order to participate in this program, please contact the Molecular Medicine Program office in advance at 319-335-7748.
