

Interdisciplinary Graduate Program in Molecular Medicine

Fall 2018 Workshop & Seminar Series

“Good neurons gone bad: Ciliary and synaptic defects of photoreceptor neurons in Bardet Biedl Syndrome”

“Mg²⁺ transporter SLC41A1 as a Target to Protect Melanocytes and Dopaminergic Neurons Against Cellular Insults”

Tuesday, October 2, 2018/11:30 a.m./1459 PBDB

Individuals with disabilities are encouraged to attend all University of Iowa-sponsored events. If you are a person with a disability who requires an accommodation in order to participate in this program, please contact the Molecular Medicine Program office in advance at 319-335-7748.
