Shout out - Meet our newest team members!

Join your colleagues as Donald Warne, MD, MPH, co-director of Johns Hopkins Medicine Administration Building, and Jontell Harris-James, MPA, meets with people across the country to discuss health care topics. The team members will be available to answer questions and provide information on the latest developments in the field.

In case you missed it!

For Summer 2023

Applications for Summer 2023 opportunities are now open!

Students interested in diverse career paths will definitely want to check out SHPEP, a program designed specifically for health careers. SHPEP focuses on developing leadership skills and providing opportunities for academic and career growth. More information can be found here.

HMD - Calendar tool for holy dates

A tool lists the significant religious holy days where religious traditions are observed. Observers are likely to stay home from work or school.

BMINDFUL - Calendar tool for holy dates

Another tool offers a list of important dates and events. Expressing gratitude helps improve human connection, which is an important part of workplace culture.

Calendar. The calendar is a useful tool for planning and organizing events.

Gratitude is a sense of appreciation an individual feels toward someone or something. Expressing gratitude helps improve human connection, which is an important part of workplace culture.

New diversity, equity, and inclusion program designed specifically for health careers.

Building a diverse, inclusive workforce is the focus of the program.

In the future!

Since joining the Office of Health Parity, Tara Martin decided she wanted a change and took a job in health care two months before the pandemic. She has been busy meeting with people across the country to discuss health care topics.

Update! Meet our newest team members!

On behalf of the UI Health Care Team, we would like to welcome our newest team members. They bring a wealth of experience and expertise to our team, and we are excited to work with them.
