

CASE 2: LEARNER GUIDE
Identification of Trafficked Patients:
What Are the “Red Flags”?

Please take 1-2 minutes to review the information below:

Roles: You= Nurse (Learner) in the ED

Your Partner= EM Attending (Instructor)

Scenario:

- Your partner is an attending and you are a Nurse in the ED.
- The attending was seeing a patient and they just left the room. They are going to now discuss the patient with you.

Instructions:

- Once your partner has reviewed their learning sheet, **YOUR PARTNER/ATTENDING WILL START THE CONVERSATION.**
- Try to answer your partners questions to the best of your ability!! (Do not worry at all if you don't know the answer (that is the point!))
- Please contact your facilitator with any questions.

WHAT ARE POSSIBLE RED FLAGS FOR HUMAN TRAFFICKING?

(1) 40 Million _____
68-88% _____
