Friday, November 1, 2019

Guest Speaker: David K. Wallace, MD, MPH  
Marilyn K. Glick Professor of Ophthalmology  
Chair, Department Ophthalmology  
Indiana University School of Medicine

Faculty Host: Scott A. Larson, MD  
William E. Scott Educational Chair in Pediatric Ophthalmology  
Clinical Professor of Ophthalmology and Visual Sciences

MEETING SCHEDULE:

8:45 AM   Lecture: *Laser vs. Anti-VEGF for Severe Retinopathy of Prematurity*
9:30 AM   Case Presentation and Discussion
10:00 AM  Break
10:30 AM  Case Presentation and Discussion
12:00 PM  Lunch – East Room, 8023 JCP (Elevator F, Level 8)
1:30 PM   Lecture: *Evidence-based vs. Eminence-based Ophthalmology*
2:30 PM   ADJOURN

Disclosure of Speaker’s Relevant Financial Relationships: Royalties from FocusROP

Purpose: The series of clinical conferences sponsored by the Department of Ophthalmology presents updated information on a broad spectrum of clinical issues and approaches that are of value and interest to practicing ophthalmologists and ophthalmic learners.

Objectives: Upon completing this conference, participants should be able to:

- Describe advantages and disadvantages of common treatments for retinopathy of prematurity.
- Understand the potential effects of anti-VEGF treatment on the developing retina and other organs throughout the body.
- Explain different types of clinical studies, including case series, case-control studies, cohort studies, and randomized trials.
- Understand the importance of the primary study question, which drives optimal study design.
- Understand the advantages of randomized clinical trials over other study designs when comparing effectiveness of interventions.

Notes:
David K. Wallace, MD, MPH, is the Marilyn K. Glick Professor and Chair of the Department of Ophthalmology at the Indiana University School of Medicine, and he serves as Director of the Eugene and Marilyn Glick Eye Institute. A native of South Bend, Indiana, he received his undergraduate and medical degrees from Indiana University and completed his Ophthalmology Residency as Chief Resident at the Baylor College of Medicine in Houston, Texas. He obtained a Masters in Public Health in Epidemiology at the University of North Carolina. After 10 years on the faculty at UNC, including 6 years as residency program director, he joined the Duke University Department of Ophthalmology in 2005. At Duke, he was Professor of Ophthalmology and Pediatrics, Vice-Chair for Clinical Strategic Planning, and Director of Clinical Research. Dr. Wallace has served as Senior Associate Editor for the Journal of the American Association of Pediatric Ophthalmology and Strabismus and as President of the North Carolina Society of Eye Physicians and Surgeons. His primary research interests are retinopathy of prematurity, amblyopia, and clinical trials in pediatric ophthalmology. He served a 5-year term as chair of an NIH-funded research network, the Pediatric Eye Disease Investigator Group (PEDIG). He is protocol chair for PEDIG studies investigating very low-dose intravitreous bevacizumab for retinopathy of prematurity.

CONTINUING MEDICAL EDUCATION ACCREDITATION

The University of Iowa Roy J. and Lucille A. Carver College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Iowa Carver College of Medicine designates this live activity for a maximum of 3.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Everyone in a position to control the content of this educational activity will disclose to the CME provider and to attendees all relevant financial relationships with any commercial interest.

A $50 fee will be charged for continuing education credit to those physicians who are not current members of the Iowa Eye Association. (For Iowa Eye Association members, the fee for CME is covered through annual membership fees.) Please send checks payable to Iowa Eye Association to Joe Schmidt, Department of Ophthalmology, University of Iowa Hospitals & Clinics, 200 Hawkins Drive, 11136-PFP, Iowa City, Iowa 52242.

GENERAL INFORMATION

The department strives to promote an environment of respect, fairness, integrity and inclusiveness. Speakers and guests who attend clinical conferences, annual meetings and social events hosted by the department agree to show respect to others by refraining from demeaning, discriminatory, derogatory abusive or unethical behavior or speech. We reserve the right to censure individuals who do not behave in accordance with these standards and sincerely appreciate the cooperation.

The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, associational preferences, or any other classification that deprives the person of consideration as an individual. The University also affirms its commitment to providing equal opportunities and equal access to University facilities. For more information, visit diversity.uiowa.edu/policies. Individuals with disabilities are encouraged to attend all University of Iowa-sponsored events. If you are a person with a disability who requires a reasonable accommodation in order to participate in this program, please contact Denise Rettig in advance at 319-356-2866.

Physicians are welcome to bring patients to the clinical conferences for presentation/discussion. Please make arrangements in advance of the conference through Jennifer Carpe, Nurse Manager, at 319-356-7218 or FAX information (319-356-0363). Patients will need to register at the Eye Clinic Reception Desk in the Pomerantz Family Pavilion so that a formal patient record can be established. There will be no physician fee for consultation; however, if special laboratory tests are necessary, charges may be applied after consulting with the patient. Questions, comments or suggestions regarding this Conference series may be directed to Joe Schmidt at 319-384-8529 or joe-schmidt@uiowa.edu Conference Calendar at medicine.uiowa.edu/eye
