Friday, September 27, 2019

Guest Speaker: Robert A. Goldberg, MD, FACS
Bert Levy Endowed Chair in Ophthalmology, David Geffen School of Medicine, UCLA Stein Eye Institute / UCLA Health
Los Angeles, Calif.

Faculty Host: Erin Shriver, MD, FACS
Jim O’ Brien Gross and Donnita Gross Professor of Ophthalmology
Clinical Associate Professor of Ophthalmology and Visual Sciences

MEETING SCHEDULE:

8:45 AM Lecture: Management of the Unhappy Blepharoplasty Patient
9:30 AM Case Presentation and Discussion
10:00 AM Break
10:30 AM Case Presentation and Discussion
12:00 PM Lunch – Melrose Rooms 1 and 2 (Elevator K, Level 5)
1:30 PM Lecture: Evolution of Orbital Decompression
2:30 PM ADJOURN

Disclosure of Relevant Financial Relationships: Dr. Goldberg has no relevant financial relationships to disclose.

Purpose: The series of clinical conferences sponsored by the Department of Ophthalmology presents updated information on a broad spectrum of clinical issues and approaches that are of value and interest to practicing ophthalmologists and ophthalmic learners.

Objectives: Upon completing this conference, participants should be able to:
- Identify the psychological characteristics of the unhappy patient
- Recognize techniques for managing the unhappy patient
- Describe important complications of orbital decompression
- Understand relevant indications for orbital decompression
- Identify how techniques for orbital decompression have evolved and problems they were trying to solve

Notes:
Dr. Robert Goldberg is an internationally recognized surgeon, researcher, and teacher. He has developed many new surgeries which are now taught and practiced internationally, including less invasive treatments for eye and orbit cancers, new surgeries for Thyroid eye disease, and new surgical techniques for tearing problems. He has held leadership and executive positions in the American Society Ophthalmic Plastic Reconstructive Surgery, California Academy of Eye Physicians and Surgeons, and American Academy of Cosmetic Surgery. He has received numerous awards and delivered keynote lectures around the world.

Goldberg majored in Psychology and graduated from Stanford University. He completed his medical degree at UCLA School of Medicine and ophthalmology residency at the Jules Stein Eye Institute under Bradley Straatsma, MD. Goldberg was a Fellow in Orbital and Ophthalmic Plastic Surgery at the Jules Stein Eye Institute and completed a rotating second year fellowship in Orbital Oncology under Jack Rootman MD, in Vancouver, British Columbia, and with John Wright, MD, at Moorfields Eye Hospital in London.

CONTINUING MEDICAL EDUCATION ACCREDITATION

The University of Iowa Roy J. and Lucille A. Carver College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Iowa Carver College of Medicine designates this live activity for a maximum of 3.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Everyone in a position to control the content of this educational activity will disclose to the CME provider and to attendees all relevant financial relationships with any commercial interest.

A $50 fee will be charged for continuing education credit to those physicians who are not current members of the Iowa Eye Association. (For Iowa Eye Association members, the fee for CME is covered through annual membership fees.) Please send checks payable to Iowa Eye Association to Joe Schmidt, Department of Ophthalmology, University of Iowa Hospitals & Clinics, 200 Hawkins Drive, 11136-PFP, Iowa City, Iowa 52242.

GENERAL INFORMATION

The department strives to promote an environment of respect, fairness, integrity and inclusiveness. Speakers and guests who attend clinical conferences, annual meetings and social events hosted by the department agree to show respect to others by refraining from demeaning, discriminatory, derogatory, abusive or unethical behavior or speech. We reserve the right to censure individuals who do not behave in accordance with these standards and sincerely appreciate the cooperation.

The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, associational preferences, or any other classification that deprives the person of consideration as an individual. The University also affirms its commitment to providing equal opportunities and equal access to University facilities. For more information, visit diversity.uiowa.edu/policies. Individuals with disabilities are encouraged to attend all University of Iowa-sponsored events. If you are a person with a disability who requires a reasonable accommodation in order to participate in this program, please contact Denise Rettig in advance at 319-356-2866.

Physicians are welcome to bring patients to the clinical conferences for presentation/discussion. Please make arrangements in advance of the conference through Jennifer Carpe, Nurse Manager, at 319-356-7218 or FAX information (319-356-0363). Patients will need to register at the Eye Clinic Reception Desk in the Pomerantz Family Pavilion so that a formal patient record can be established. There will be no physician fee for consultation; however, if special laboratory tests are necessary, charges may be applied after consulting with the patient. Questions, comments or suggestions regarding this Conference series may be directed to Joe Schmidt at 319-384-8529 or joe-schmidt@uiowa.edu Conference Calendar at medicine.uiowa.edu/eye
