

Carver College of Medicine

The Department of Internal Medicine is the fourth largest administrative unit at the University of Iowa – as of today, we have over 1,000 employees under our roof. Our department is diverse – members have come to Iowa City from around the world – and includes a wide range of professional and occupational expertise, from research scientists and clinical specialists to professional administrative and clerical support staff. The dedication and hard work of the people who make up this department are remarkable and inspiring.
