

**RESULTS OF THE 1998 MATCH
UNIVERSITY OF IOWA MEDICAL GRADUATES**

In 1998, 175 senior medical students will graduate from the University of Iowa College of Medicine. A summary of their success in obtaining a residency position (for further training) follows below with respect to their participation in the National Residency Matching Program (NRMP):

Total # Graduating Seniors Participating in NRMP:	168
Matched by NRMP	161
Unmatched by NRMP (%) (all have since obtained positions)	(4.2%) 7
Did not submit list (subsequently matched)	1
Graduating Seniors Who Obtained First Year Positions	
Outside NRMP (through Military):	4
Did Not Participate in NRMP — Delaying residency	<u>2</u>
Total	175

Of those students participating in the NRMP (168), 57% matched with the program that was their first choice and 86% matched with one of their top three choices.

112 graduates (64% of the class) are entering primary care training: Family Practice—44 (25%), Internal Medicine—34 (19%), Pediatrics—27 (15%), and Obstetrics—Gynecology—7 (4%).

47 graduates (27%) will take first-year post-graduate training in Iowa.

22 graduates (13%) will take first-year post-graduate training at The University of Iowa Hospitals & Clinics

Of the 47 graduates remaining in Iowa for first-year post-graduate training, 19 will be in Family Practice, 7 in Internal Medicine, 6 in Pediatrics, and 1 in Obstetrics-Gynecology. Breakdowns of the number entering primary care training programs (Table 4) and the number entering each type of first year program are attached (Table 5). Table 6 lists second-year positions for those entering subspecialties. Table 7 lists students according to specialty choice for their first-year post-graduate training, and by state within each specialty.

Geographically, the most popular states were: Iowa (47), Wisconsin (12), Minnesota (9), California (8), Texas (8), Illinois (7), and Missouri (7).
