

**RESULTS OF THE 1999 MATCH
UNIVERSITY OF IOWA MEDICAL GRADUATES**

In 1999, 162 senior medical students will graduate from the University of Iowa College of Medicine. A summary of their success in obtaining a residency position (for further training) follows below with respect to their participation in the National Residency Matching Program (NRMP):

| | | |
|---|----------|----------|
| Total # Graduating Seniors Participating in NRMP: | | 154 |
| Matched by NRMP | 148 | |
| Unmatched by NRMP (%) (all have since obtained positions) | (3.9%) 6 | |
| Did not submit list (subsequently matched) | | 1 |
| Graduating Seniors Who Obtained First Year Positions | | |
| Outside NRMP (through Military or subspecialty match): | | 4 |
| Did Not Participate in NRMP — Postdoctoral research | | <u>3</u> |
| Total | | 162 |

Of those students participating in the NRMP (154), 63% matched with the program that was their first choice and 86% matched with one of their top three choices.

96 graduates (59% of the class) are entering primary care training: Family Practice—45 (28%), Internal Medicine—26 (16%), Pediatrics—16 (10%), and Obstetrics—Gynecology—9 (6%).

56 graduates (35%) will take first-year post-graduate training in Iowa.
21 graduates (13%) will take first-year post-graduate training at The University of Iowa Hospitals & Clinics

Of the 56 graduates remaining in Iowa for first-year post-graduate training, 26 will be in Family Practice, 7 in Internal Medicine, and 6 in Pediatrics. Breakdowns of the number entering primary care training programs (Table 4) and the number entering each type of first year program are attached (Table 5). Table 6 lists second-year positions for those entering subspecialties. Table 7 lists students according to specialty choice for their first-year post-graduate training, and by state within each specialty.

Geographically, the most popular states were: Iowa (56), Wisconsin (12), Illinois (11), North Carolina (8), Indiana (7), Missouri (7), and Texas (6).
