**RESULTS OF THE 2002 MATCH
UNIVERSITY OF IOWA MEDICAL GRADUATES**

In 2002, 165 senior medical students will graduate from the University of Iowa College of Medicine. A summary of their success in obtaining a residency position (for further training) follows below with respect to their participation in the National Residency Matching Program (NRMP):

Total # Graduating Seniors Participating in NRMP:	155
Matched by NRMP to First Year Positions	151
Obtained First Year Positions subsequently	4
Graduating Seniors Who Obtained First Year Positions	
Outside NRMP (through Military or subspecialty match):	8
Deferring Residency Training	<u>2</u>
Total	165

79 graduates (48% of the class) are entering primary care training: Family Practice—28 (17%), Internal Medicine—26 (16%; includes 1 Primary Medicine and 1 Medicine/Family Practice), Pediatrics—15 (9%), and Obstetrics–Gynecology—10 (6%).

62 graduates (38%) will take first-year post-graduate training in Iowa.

40 graduates (24%) will take first-year post-graduate training at The University of Iowa Hospitals & Clinics

Of the 62 graduates remaining in Iowa for first-year post-graduate training, 15 will be in Family Practice, 7 in Internal Medicine, and 7 in Pediatrics. Breakdowns of the number entering primary care training programs (Table 4) and the number entering each type of program are attached (Table 5). Table 7 lists students according to specialty choice and includes both first year and advanced residency matches.

Geographically, the most popular states after Iowa were: Missouri (11), Illinois (10), and Michigan, Virginia, and Wisconsin (8 each).
