**RESULTS OF THE 2003 MATCH
UNIVERSITY OF IOWA MEDICAL GRADUATES**

In 2003, 145 senior medical students will graduate from the University of Iowa College of Medicine. A summary of their success in obtaining a residency position (for further training) follows below with respect to their participation in the National Residency Matching Program (NRMP):

Total # Graduating Seniors Participating in NRMP:	136
Matched by NRMP to First Year Positions	128
Obtained First Year Positions subsequently	8
Graduating Seniors Who Obtained First Year Positions	
Outside NRMP (through Military or subspecialty match):	7
Deferring Residency Training	<u>2</u>
Total	145

67 graduates (46% of the class) are entering primary care training: Family Practice—28 (19%), Internal Medicine—16 (11%), Medicine—Pediatrics—2 (1%), Pediatrics—15 (10%), and Obstetrics—Gynecology—6 (4%).

44 graduates (30%) will take first-year post-graduate training in Iowa.
20 graduates (14%) will take first-year post-graduate training at The University of Iowa Hospitals & Clinics

Of the 44 graduates remaining in Iowa for first-year post-graduate training, 12 will be in Family Practice, 4 in categorical Internal Medicine, and 7 in Pediatrics. Breakdowns of the number entering primary care training programs (Table 4) and the number entering each type of program are attached (Table 5). Table 6 lists students according to specialty choice and includes both first year and advanced residency matches.

Geographically, the most popular states after Iowa were: California (15), Illinois and Michigan (8 each), and Wisconsin (6).
