**RESULTS OF THE 2004 MATCH
UNIVERSITY OF IOWA MEDICAL GRADUATES**

In 2004, 131 senior medical students will graduate from the University of Iowa College of Medicine. A summary of their success in obtaining a residency position (for further training) follows below with respect to their participation in the National Residency Matching Program (NRMP):

Total # Graduating Seniors Participating in NRMP:	121
Matched by NRMP to First Year Positions	113
Obtained First Year Positions subsequently	8
Graduating Seniors Who Obtained First Year Positions	
Outside NRMP (through Military or subspecialty match):	9
Deferring Residency Training	<u>1</u>
Total	131

68 graduates (52% of the class) are entering primary care training: Family Practice—21 (16%), Internal Medicine—23 (18%), Medicine—Pediatrics—2 (2%), Pediatrics—12 (9%), and Obstetrics—Gynecology—10 (8%).

44 graduates (34%) will take first-year post-graduate training in Iowa.

31 graduates (24%) will take first-year post-graduate training at The University of Iowa Hospitals & Clinics

Of the 44 graduates remaining in Iowa for first-year post-graduate training, 11 will be in Family Practice, 7 in categorical Internal Medicine, and 4 in Pediatrics. Breakdowns of the number entering primary care training programs (Table 4) and the number entering each type of program are attached (Table 5). Table 6 lists students according to specialty choice and includes both first year and advanced residency matches.

Geographically, the most popular states after Iowa were: Wisconsin (10) and California, Illinois, and Minnesota (8 each).
