

**RESULTS OF THE 2005 MATCH
UNIVERSITY OF IOWA MEDICAL GRADUATES**

In 2005, 151 senior medical students will graduate from the University of Iowa College of Medicine. A summary of their success in obtaining a residency position (for further training) follows below with respect to their participation in the National Residency Matching Program (NRMP):

Total # Graduating Seniors Participating in NRMP:	145
Matched by NRMP to First Year Positions	137
Obtained First Year Positions subsequently	8
Graduating Seniors Who Obtained First Year Positions	
Outside NRMP (through Military or subspecialty match):	5
Deferring Residency Training	<u>1</u>
Total	151

68 graduates (45% of the class) are entering primary care training: Family Practice—17 (11%), Internal Medicine—28 (19%), Pediatrics—20 (13%), and Obstetrics–Gynecology—3 (2%).

41 graduates (27%) will take first-year post-graduate training in Iowa, and 3 more will return to Iowa to complete their training after a first-year preliminary program elsewhere. 29 graduates (19%) will take first-year post-graduate training at The University of Iowa Hospitals & Clinics, and 4 more will return to the UIHC after a preliminary program elsewhere.

Of the 41 graduates remaining in Iowa for first-year post-graduate training, 9 will be in Family Practice, 8 in categorical Internal Medicine, 4 in Pediatrics, and 1 in Obstetrics–Gynecology. Breakdowns of the number entering primary care training programs (Table 4) and the number entering each type of program are attached (Table 5). Table 6 lists students according to specialty choice and includes both first year and advanced residency matches.

Geographically, the most popular states after Iowa for first-year training were: California (10), Illinois, Minnesota, and Missouri (9 each), and Wisconsin (8).
