CiM offers a variety of resources online including self-assessment tools, information about specialties, and information about the residency match process. You can access the site using your AMCAS ID and password or using your previously established CiM ID and password. The MSCC provides career workshops as a part of this program. A simple way to start is to browse online by putting in the “keywords” or title search.
The books in MSCC Resource Library are mostly donated from students who graduated from Carver. There is no fee for the books. Books should be returned as soon as you are done using them, then you can check out more books.
