

Research Experience for Undergraduates in Microbiology

at The University of Iowa

Summer 2021 Schedule of Events

May 24 (Mon)	Arrival, housing check-in, and welcome dinner
May 25 (Tue)	Orientation/Introduction to the REU and group lunch
May 28 (Fri)	Group lunch: discussion of first week
June 2 (Wed)	Seminar: Dr. Jon Houtman, "Effects of Glycerol Monolaurate on Human T Cell Activation"
June 4 (Fri)	DEI Workshop
June 9 (Wed)	Presentation on STEM outreach by Theresa Ho
June 11 (Fri)	Group lunch: Workshop on short talks and writing assignment
June 16 (Wed)	Seminar: Shea Lowery, "SARS-CoV -2"
June 18 (Fri)	Group lunch seminar: Dr. Adam Mailloux, "Building the Next Generation of Adoptive T cell Therapy"
June 23 (Wed)	Student presentations
June 25 (Fri)	Group lunch: Student presentations
June 30 (Wed)	Student presentations
July 2 (Fri)	Seminar: Dr. Dominique Limoli, "War and Peace: Polymicrobial interactions during cystic fibrosis airway infection"
July 7 (Wed)	Seminar: Dr. Ute Muh, "Antibacterial drug discovery, a microbiology career opportunity beyond academia"
July 9 (Fri)	Group lunch seminar: Dr. Mary Weber, "Can I come in? Unraveling the molecular mechanisms of <i>Chlamydia trachomatis</i> intracellular invasion"
July 10 (Sat)	Dinner at Dr. David Weiss' home
July 14 (Wed)	Seminar: Dr. Richard Roller, "Herpes simplex virus assembly and egress"
July 16 (Fri)	Group lunch seminar: Dr. Noah Butler, "Malaria"
July 19 (Mon)	Workshop on Research Ethics/Responsible Conduct of Research
July 21 (Wed)	Workshop on graduate school admission process
July 23 (Fri)	Group lunch: Roundtable discussion with co-mentors
July 28 (Wed)	Summer Undergraduate Research Poster Symposium End of summer dinner
July 29 (Thu)	Group lunch: Program wrap-up/evaluation
July 30-31 (Fri-Sat)	Housing check-out and departures
