

Words of Advice

Seek out good mentors; these are the people who will help you succeed and support you through the ups and downs of a scientific career. The mentors I surrounded myself with made a huge difference in my career, and the support system they provided was critical to my success.

Aaron Mickle, Ph.D.

Assistant Professor of Physiological Sciences
University of Florida College of Veterinary Medicine

Dr. Mickle's research focuses on incorporating multiple techniques at the system and cellular level to answer questions related to mechanisms of bladder pain and dysfunction associated with interstitial cystitis/bladder pain syndrome and spinal cord injury, respectively.

Completed PhD in Pharmacology: 2014
