

Words of Advice

Never stop exploring the unknown! Meet people, ask about their passion, and be inspired to try something new.

Yujia (Jennie) Liu, Ph.D.

**Pre-clinical Research Scientist
TriSalus Life Sciences**

Dr. Liu works on developing immunotherapy for patients with liver and pancreas cancers. Her main role involves leading external collaborations with academic researchers & industrial partners in a number of translational research projects.

Completed PhD in Pharmacology: 2021
