Data Collection Methods

The information presented in this Directory was obtained from a survey of all prospective employers of selected medical specialties as described below.

The following specialties were surveyed:

- **General Internal Medicine**: Medical practice entities with one or more general internists or hospitalists.
- **Pediatrics**: Medical practice entities with one or more pediatricians.
- **Obstetrics/Gynecology**: Medical practice entities with one or more obstetrician/gynecologists.
- **General Surgery**: Medical practice entities with one or more general surgeons.
- **Emergency Medicine**: Medical practice entities with one or more emergency medicine physicians.

Entities surveyed include hospitals, health systems, Iowa-based hospitalist and emergency medicine contractors, private practices, correctional facilities, state health, student health units, and community health centers. Entities were surveyed as appropriate to the particular specialty. Results represent a 100% response rate for each specialty.

Physician Consultation Services
Medical Practice Development Program

The Office of Statewide Clinical Education Programs provides consultative services to physicians interested in Iowa medical practice opportunities. The services include:

- Advice on practice site selection criteria based on provider preference
- Community profiles and physician rosters
- Confidential inquiries regarding specific practice opportunities
- Identification of important considerations concerning specific opportunities
- Practice management consultations
- Negotiation assistance with established physicians, hospital representatives, and community recruitment groups
- Substantive reviews of physician contracts
- Assisting physicians after they begin a new practice.

Access this Directory and periodic updates at: http://www.medicine.uiowa.edu/oscep/opportunities/
How to Use the Directory

The 2021-2022 Medical Practice Opportunities Directory is divided into five major sections by specialty: General Internal Medicine, Pediatrics, Obstetrics/Gynecology, General Surgery, and Emergency Medicine. Each section includes a summary with a map listing the communities offering opportunities.

“Other” professional opportunities listed in this directory are identified in italics and include, for example, Community Health, State Health, and Teaching opportunities.

*Hospital Medicine (Hospitalist)* opportunities are included within the General Internal Medicine and Pediatrics sections. Office-based practice opportunities are also indicated. Both are listed with separate bullets.

The *Emergency Medicine* section provides full-time emergency medicine opportunities in Iowa, and indicates those that require physicians specifically board-certified in emergency medicine. For positions listed as FM/EM Physician, family physicians will be considered as candidates for the emergency medicine opportunities.

Each community listing includes the following:

- Community population (2020 US Census Bureau data)
- Total number of physicians in the community, and the number of physicians within each respective section’s specialty in parentheses
- Total number of acute hospital beds
- Location of the opportunity by region of Iowa as indicated by the initials below the city name, i.e. Northwest (NW), North Central (NC), Northeast (NE), Southeast (SE), South Central (SC), and Southwest (SW)

Contacts for opportunities are listed to the right of the city information. Multiple types of opportunities for one contact are identified by dashes. For example, if a contact has office-based and hospitalist opportunities in the same community, both types of opportunities are listed under the contact with separate bullet points.

All opportunities are part of an integrated health system unless otherwise specified by an asterisk to the right of the contact person’s name indicating whether the opportunity is an independent practice or a multisite group practice.

- “*” indicates an independent practice.
- “**” indicates that the opportunity is in a multi-site multispecialty group practice, exclusive of hospital sponsorship.
- No asterisk indicates that the opportunity is part of a health care delivery system, integrating both physicians and at least one hospital in some form.
General Internal Medicine

Opportunities
2021 Iowa Communities Recruiting General Internists

**Office-Based Opportunities**
22 opportunities in 19 communities

- Ames
- Ankeny
- Atlantic
- Audubon
