Data Collection Methods

The results presented here were obtained from a survey of all prospective employers of family physicians for office-based continuity practices and all other practice activities. All medical practice entities with hospital and health system management, one or more family physicians, retail medical clinics, student health units, community health centers, Veterans Administration, correctional facilities, and residency programs were surveyed. Results represent a 100% response rate.

Family physicians staff many hospital emergency departments. Therefore, hospitals and Iowa-based emergency medicine contractors were also surveyed for emergency medicine opportunities. The results are contained in a separate section entitled, “Emergency Medicine Opportunities.”

Physician Consultation Services
Medical Practice Development Program

The Office of Statewide Clinical Education Programs provides consultative services to physicians interested in Iowa medical practice opportunities. The services include:

- Advice on practice site selection criteria
- Community profiles and physician rosters
- Confidential inquiries regarding specific practice opportunities
- Identification of important considerations concerning specific opportunities
- Practice management consultations
- Negotiation assistance with established physicians, hospital representatives and community recruitment groups
- Substantive reviews of physician contracts
- Assistance to physicians after they begin a new practice

Access this Directory and periodic updates at:
http://www.medicine.uiowa.edu/oscep/opportunities/
How to Use the Directory

The Directory is divided into two sections, Family Medicine Opportunities and Emergency Medicine Opportunities.

• **Family Medicine**: lists practice opportunities in family medicine by community. Opportunities for office-based continuity practices are listed in addition to other opportunities in:
  - Community Health
  - Correctional Facility
  - Federal/VA
- Teaching/Clinical Faculty
- Tribal Health
- Urgent Care

• **Emergency Medicine**: lists full-time emergency medicine opportunities in Iowa. Positions requiring physicians specifically board certified in emergency medicine are indicated. For positions listed as FM/EM Physician, family physicians will be considered as candidates for the emergency medicine opportunities.

• Each community listing includes the following:
  - Community population (2010 US Census Bureau data)
  - Total number of physicians in the community (with the number of family medicine or emergency medicine physicians in parentheses)
  - Total number of acute care beds
  - Location of the opportunity by region of Iowa as indicated by the initials below the city name, i.e., Northwest (NW), North Central (NC), Northeast (NE), Southeast (SE), South Central (SC), and Southwest (SW).

• Each contact to the right of the community information represents at least one opportunity in the city listed. The obstetrics (OB) requirement of the opportunity is indicated. E-mail addresses are provided when available.

All opportunities are part of an integrated health system unless otherwise specified by an asterisk next to the contact person indicating whether the opportunity is an independent practice or a multisite group practice.

- “*” indicates an independent practice.
- “**” indicates that the opportunity is in a multi-site group practice, exclusive of hospital sponsorship.
- No asterisk indicates that the opportunity is part of a health care delivery system, integrating both physicians and at least one hospital in some form.
