Physician Assistant Wanted in Las Vegas

JOB DESCRIPTION:

Certified Physician Assistant wanted for growing Interventional Pain Management practice in Greater Las Vegas. Las Vegas is the entertainment capital of the world with an excellent climate and outdoor activities. There are several National Parks within short driving distances. The airport has direct flights all over the United States and the World.

The practice consists of 4 Board Certified and Fellowship trained Interventional Pain Specialists, and three Physician Assistants. We are an office based practice with satellite clinics. No hospital rounding or inpatient consults.

The position has no weekends or night call. You will have significant autonomy in managing patient problems.

New graduates are encouraged to apply. Didactic teaching and training will be included with focus on evidence based medicine. Spanish speaking a plus but not required.

Candidate must be compassionate with a commitment to the specialty of interventional pain medicine.

Competitive salary and benefit package. Compensation is based on guarantee salary plus productivity bonus.

Nevada has no State Income Tax.
