Full-Time or Part-Time Physician Assistant or Nurse Practitioner
Monday-Friday - 8:30am-5:00pm

We are looking for a full-time or part-time outgoing Physician Assistant or Nurse Practitioner with strong interpersonal skills who can treat patients of all ages to join our community clinic. Action Care Community Clinic offers dental, medical, mental health and social services. Must have at least one year of experience. Your time will be spent in a supportive, team environment with resources to help you flourish and leaders who care about your success. Our small collective of providers are truly passionate about providing care to underserved communities.

The hours for this position are from 8:30 am to 5:00 pm, for four days a week. This position is flexible and can also be part-time, based on your schedule. The clinic is located in Bloomington, MN.

Responsibilities:

- Greet patients and gather medical information
- Monitor patient progress and make adjustments to treatment
- Instruct patients and their families about best practices at home
- Document and update patient records
- Refer patients to specialists as needed
- Can treat patients of all ages
- Providing primary care to patients
- Performing initial examinations, including physical exams and patient observations
- Ordering and administering diagnostic tests
- Communicating test results to patients and their families
- Recording patient medical histories
- Operating and maintaining medical equipment

Qualifications:

- Graduate of an accredited Physician Assistant or Nurse Practitioner program
- BC/BE through NCCPA (for PAs)
- Licensed or ability to obtain a PA or NP license with prescriptive authority through the Minnesota Board of Medical Practice
- Ability to obtain and/or maintain DEA certification for the State of Minnesota.
- Meet threshold criteria/qualifications for Credentialing and Privileges
- CPR certification
Action Care Community Clinic (ACCC) is a newly established center led by a non-profit organization. Our commitment to community drives us. Our mission is to deliver coordinated and comprehensive primary and preventive healthcare and supportive services to the Immigrant Community in order to alleviate geographic, cultural, linguistic, economic and other barriers to care, thereby reducing health disparities.
